

INSTRUCTIONS FOR SPEAKERS

Dear presenter,

We are excited about the upcoming conference and thankful for your contribution to its success.

This message contains essential information for you to be aware of before the start of the conference. So please, read it carefully.

1. Instructions to log in and navigate the conference platform

Please log in using the email address you used for registration at Oxford Abstracts to access the program and the conference.

When you first log in, you will create your name badge for the conference. Please, complete this step before the beginning of the conference because it will allow you to interact with the other event participants.

Keep in mind that you can display the program in your preferred time zone.

We kindly ask you to check the program in advance. If the information regarding your submission needs to be adjusted, please let us know at your earliest convenience. You can send us an email to lancealames2021@urosario.edu.co with your submission ID in the subject line, and the organizing committee will reply as soon as possible.

2. Consent to record the sessions

By agreeing to present your academic paper in a session via Zoom Meetings, on the conference platform Oxford Abstracts, as part of the LACEA LAMES 2021 Annual Meeting, you are automatically consenting to be recorded as part of the presentation process. Please note that video footage and potentially still screenshots will be taken throughout the LACEA-LAMES 2021 Annual Meeting and will be posted online for a limited time at the conference website. In addition, any video footage recorded during the meeting may appear for educational purposes at LACEA YouTube Channel or the Econometric Society website and/or YouTube Channel. It may also appear on other social media to publicize and on-demand to be used at a session by members of the Econometric Society or those interested in the work of the Econometric Society.

If you want to be exempted from being recorded and/or having video footage available on the outlets mentioned above, please contact us at lacelames2021@urosario.edu.co to request an exemption by October 8th, 2021.

3. Your participation at the conference

The success of this online conference depends on the contribution of both the organizers and the participants. Therefore, we have made great efforts to guarantee that each contributed session can potentially have a large audience. To this end, we increased the relative number of slots assigned to contributed sessions—at the expense of other types of sessions— and selected only the very best papers for presentation as assessed by the Scientific Committee.

We expect reciprocal behavior from the speakers and would love to see you participating throughout the entire conference. We appreciate your commitment to making the LACEA LAMES 2021 Annual Meeting a success.

4. Certificate of participation

In case you require a certificate of participation, for example, because your institution requires it, please complete the following form by October 8th, 2021: [Certificate Form](#)

We look forward to seeing you at the conference.

Kind regards,

Juan Vargas
Conference Chairman
